St. Joseph Regional Medical Center's partnership with the Lewiston area spans more than 120 years. As a community leader and a healthcare provider of choice, we are driven to provide exceptional patient experiences and outcomes and employ best practices in everything we do.

Our efforts continue to earn prestigious healthcare accolades, accreditations and special designations. We are the only facility in the Lewis and Clark Valley, for instance, to earn the "Blue Distinction" designation from Blue Cross-Blue Shield of Idaho, an honor that recognizes specialty care expertise across several of our service lines. Our Emergency Department is the only Level III Trauma Center in the Lewis and Clark Valley, and our Cardiac Care services earned several designations also held only by SJRMC in the Valley. Finally, our Family Beginnings maternity service not only was named "high performing" for maternity care for the second year in a row by U.S. News and World Report, but the publication also singled out St. Joseph's as one of 83 hospitals nationwide designated as a "2024 Maternity Care Access Hospital," an inaugural designation recognizing hospitals that provide essential care in what would otherwise be "maternity care deserts."

These honors reflect our quality care as well as our desire to continuously improve as we pursue our mission of advancing your health and well-being and the well-being of the communities we serve. This report details many of the ways we give back to the Lewis and Clark Valley, ways that often extend beyond our hospital walls. We cherish our partnership with you and are honored to be able to make a positive impact on the lives of those who call this area home.

Sincerely,

Ed Freysinger, CEO
St. Joseph Regional Medical Center

In 2023, we...

added **7 affiliated providers**

made **\$8.4 million in capital improvements**

distributed a **payroll of more than \$47 million** to approximately 680 employees

donated **\$19 million** in services to those in need

paid more than **\$5.3 million in taxes**

2023 Success Spotlight

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. In 2023, we added seven providers in areas such as cardiology, gastroenterology, general surgery, primary care, and psychiatry.

By continually investing in our facilities, we're helping to ensure that we always meet our community's evolving healthcare needs. Last year, we spent \$8.4 million in capital improvements, including investments in our new Acute Rehabilitation Unit, a new Linear Accelerator for cancer treatment, and an Intravenous Ultrasound for our cardiac catheterization lab.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

In 2023, we provided more than \$19 million in services to those in need but without the means to pay for their hospital-provided healthcare.

We are proud to be a leader in the Lewis and Clark Valley area, and our dedication to ensuring fiscal responsibility extends to both our hospital and to the community and people we serve.
